

Community | Diversity | Education | Intellectual Freedom

Dear Parents and Guardians of Bentonville Public School Students,

The Bentonville Public Library (BPL) is excited to partner with the Bentonville School District to provide your child with a BPL Tech Card for in-school and at-home use. The cards will remain with each teacher within the classroom for access to free educational resources through a dedicated portal created just for students located at www.bentonvillelibrary.org. The students will also have the option to “check-out” a card through the school library to utilize for homework assistance.

Some free resources offered include:

- Homework help
- Online tutoring
- Language instruction
- Access to databases for research
- Free downloadable eBooks, audiobooks, music and magazines*

The cards cannot be used for borrowing materials at the library. Students and parents must apply for a standard card at the library to check-out books, eReader devices, DVDs, print magazines or music CDs. Library cards are free to all residents of Benton County with valid proof of identification and residency.

BPL’s mission is to engage our community, encourage discovery and promote literacy by offering lifelong learning opportunities. Together, through the tremendous support and partnership with the Bentonville Public Schools, the Bentonville Public Library is strengthening the educational opportunities of students by providing access to reputable resources and reliable information. We hope your child and family will find this card beneficial.

For any questions regarding the program, please contact Courtney B. Fitzgerald, Circulation Librarian at (479) 271-5988.

Best Regards,

Bentonville Public Library Team
