

Reading every day is a great way to spend your winter break! The BPL 2025 Winter Reading Challenge allows you to set your own daily goal.

1. Set your goal!

Decide for yourself what is doable, a little challenging, and yet fun. Choose a number of pages, chapters, books, or an amount of time to accomplish each day.

Early readers might challenge themselves to read five books a day or 30 minutes a day. Experienced readers might decide a few chapters a day or an hour of reading each day is more their speed. It's all up to you!
